Are you seeking a non-surgical solution for hair rejuvenation? At RootCosmo, we're proud to offer Mesotherapy for Hair, a highly effective and minimally invasive treatment, expertly administered by Dr. Neethu Nanda, your trusted partner in aesthetic cosmetology.

Understanding Mesotherapy for Hair

Hair loss and thinning can be concerning, affecting both men and women at various stages of life. Mesotherapy for Hair is a specialized technique that involves the administration of a customized blend of vitamins, minerals, amino acids, and growth factors directly into the scalp. This nourishing cocktail is meticulously injected using micro-needles to stimulate hair follicles, promote blood circulation, and encourage hair regrowth.

What to Expect During Mesotherapy for Hair

When you choose Mesotherapy for Hair at RootCosmo, you can expect a comfortable and well-structured treatment process:

- 📍 **Consultation:** Your journey begins with a comprehensive consultation with Dr. Neethu Nanda. During this session, she will evaluate your hair condition and discuss your goals and expectations.
- 📍 **Personalized Treatment Plan:** Dr. Nanda will create a customized treatment plan based on your specific needs. This plan will determine the number of sessions required.
- 📍 **Treatment Sessions:** Mesotherapy for Hair involves a series of sessions spaced a few weeks apart. During each session, the specialized solution is carefully administered to the target areas using micro-needles.
- 📍 **Minimal Discomfort:** The procedure is relatively painless and is well-tolerated by most individuals. Any discomfort is minimal and short-lived.
- 📍 **No Downtime:** Mesotherapy for Hair is a lunchtime procedure, meaning you can return to your daily activities immediately after treatment.
- 📍 **Visible Results:** Over time, you will begin to notice improvements in hair thickness, quality, and overall scalp health.
